# Welcome to FutureScape Spring

Shaping the Future of UK Landscaping

Sponsored by ADEZZ FURNS AWOOD

**W**elcome to FutureScape Spring! We really hope your day is informative and useful. It's the first Spring edition of FutureScape that we have been able to run since 2019. We were all ready – van packed and hotels booked – when, unfortunately, all live events were pulled due to the COVID-19 restrictions. However, we're delighted to be back at Sandown Racecourse in Esher this year with an event that's double the size of the inaugural 2019 event.

The seminar programme is packed full of valuable content; we've got some great speakers and some interesting and thought-provoking topics. We are also delighted to be working with the RHS and the seminar programme they have assisted in putting together is a must to attend.

The event is also very fortunate to have some of the leading suppliers attending, with products and services covering all aspects of the UK landscaping sector. Please spare the time to visit the stands, renew and make new acquaintances, and understand the amazing products that the sector offers.

The Pro Landscaper and FutureScape team are out in full, so please visit our stands to say hello, find out about our plans and work out how you could get involved in the future.

Have a great day,

**The FutureScape Team**

# How to get there

**Sandown Park Racecourse, Portsmouth Rd,  
Esher, Surrey, KT10 9AJ  
15 March 2022 | 9am – 4:30pm**

## By car

From London, take the A3 and follow the brown venue signs to Sandown Park. Exit onto the A307 and continue to follow the brown venue signs. Alternatively, from the M25, exit at Junction 10 and follow the A3 towards London, before exiting onto the A307 and following the brown venue signs.

If you are using a sat nav, please enter 'Portsmouth Road' rather than the Sandown Park postcode – this will bring you to our main car park which is just off the A307 (Esher High Street) and is directly in front of the main entrance. For electric car users, there are four Polar fast charge points in operation in the main car park.

## Parking

Parking is free, with ample space for over 2,000 cars. You can reach the car park from the A307 Portsmouth Road. Coach parking is also available at the same car park, and there are allocated parking spaces for those with disabilities.

## what3words

To help people find their way to the venue what3words, available on Android and iOS, gives FutureScape a unique three-word address.

**FutureScape Spring's  
three-word address is:  
Pans. Honey. Undulation.**

## By train

Esher rail station is just a 10-minute walk from the main entrance of Sandown Park Racecourse. Visitors should turn left out of the station onto Station Road and then right at the T-junction to join the A307 Portsmouth Road.

The entrance to Sandown Park is on the right-hand side. Alternatively, there is a taxi rank at the rail station for those less able to walk. Please note that the station is located outside of London travelcard zones 1 to 6, and that Oyster cards are not valid when travelling to Esher. A paper ticket must be purchased in advance of travelling.

**VertEdge**<sup>®</sup>  
Artificial Lawn Edging

See us at

FutureScope **spring**

Stand 62

- 100% adhesion to the artificial grass, providing an enhanced natural finish to the perimeter
- 100 % no nails
- 100 % safe for children and pets
- 100% Recyclable ♻️

Fixing the perimeter of an artificial lawn is one of the most important parts of an artificial lawn installation. Traditional methods are dated, flawed, and improvised. When the lawn perimeter is nailed, screwed or stapled, just 10% of the lawn edge is fixed. This has the potential to lift and become dangerous, leaving 6 inch nails in the ground to secure the lawn is clearly dangerous and should be avoided.

When the lawn perimeter is glued on to VertEdge, using the VertEdge adhesive, a 100% adhered perimeter is achieved. With no need for nails or screws, VertEdge creates a safe, child and pet friendly environment for your garden.

VertEdge offers customers a system that is effective, easy to install and value for money. VertEdge is neater, stronger and safer than any other artificial lawn edging product or method on the market today.

**SEMINAR PROGRAMME**

**15 MARCH 2022 | SANDOWN PARK RACECOURSE**

# Seminar programme

Nurture Theatre Sponsored by CoirProducts

- 10:00 – 10:45** | **Protect and Secure: Embracing Biosecurity and Plant Health**  
With biosecurity threats grabbing the horticultural headlines, this discussion will get to the very roots of the current situation – the rules, Defra’s approach, and support available. A palette of panellists will share their expertise in pursuing plant health, their thoughts on how their own nurseries are meeting the challenges, and how the Plant Healthy Initiative might help.  
Lewis Normand | Richard McKenna | John Marsden | Keith Sacre | Dr Kelvin Hughes | Robin Wallis
- 11:00 – 11:45** | **Managing Trees: Brace yourselves – are you really ready?**  
The impact of larger trees on a landscape scheme is huge, and not only in their majesty and visual appeal in show gardens, domestic and commercial landscapes. The panel of tree growers and designers will outline how specifying and buying large trees should put proper handling, securing and planting conditions at the top of the agenda.  
Lewis Normand | Steve McCurdy | Tom Owen | Ruth Willmott | Michael Buck
- 12:00 – 13:00** | **Keynote speaker**  
Alistair highlights the key evidence regarding the mental, physical and social health benefits offered by the horticulture and landscape industry, gardening and gardeners. Alistair shares collaborative research work from the Royal Horticultural Society and discusses the implications for tackling the climate and biodiversity crisis whilst improving public health.  
Alistair Griffiths
- 14:00 – 14:45** | **Circular Thinking: Influencing client choice for reusing materials**  
Recycling. Repurposing. Reusing. Is the client leading the way in sustainability practices or are you driving this forward? Either way, our panel consider the key elements of the specification and use of reusing materials and the potential pitfalls of choosing a sustainable approach.  
Ben West | Jake Catling | Darryl Moore | Sarah Eberle | Kristina Clode | Mark Laurence
- 15:00 – 15:45** | **Perpetuating successful landscapes: The power of proper aftercare**  
You design and create beautiful gardens and outdoor living spaces. But what happens next? The initial investment needs upkeep – so how does the designer and contractor relationship extend into aftercare? Posing questions to a panel of maintenance specialists, this debate considers the challenges beyond the finished landscape.  
Nina Mason | Chris Stone | Alan Sargent | Charles Blumlein | Naomi Ferrett-Cohen

## RHS Show Garden Theatre

- 10:00 – 10:45** | **Right Plant, Right Place – Show Garden Planting**  
Join us for this informative session and discussion about what makes show garden planting unique. From achieving that natural and authentic look, to how to use the judging criteria as a helpful tool when planning your scheme.  
Marie-Louise Agius | Humaira Ikram | Pollyanna Wilkinson
- 11:00 – 11:45** | **My Show Garden Experience – Q&A**  
Get your questions at the ready and find out from some familiar faces what makes show gardens such an addictive and exciting field of design and build to be in.  
Freddie Strickland | Marie-Louise Agius | Pollyanna Wilkinson
- 14:00 – 14:45** | **A Lighter Footprint – Building Greener Show Gardens**  
Join us in the open discussion about how we can work more cleverly to achieve beautiful gardens but with a lighter footprint through the use of material choice, techniques and planned after life.  
Paul Cowell | Hugo Bugg | Mark Gregory
- 15:00 – 15:45** | **Funding your Show Garden**  
It’s never too soon to start seeking sponsorship or funding for your show garden. Find out how you can help fund your idea through this informative session covering topics such as ‘making the first approach, to sponsor management and funding avenues.

## Business Theatre Sponsored by Sorrento Porcelain Paving by CTD

10:00 – 10:45

### **Taking the Next Step: Expand your business professionally and profitably**

Your business is growing in more ways than one. Taking the leap and expanding your business will take planning but it need not be daunting. The expert panel will draw on their own experiences here. Lessons learned, tried and tested methods, helpful advice and hurdles overcome in hiring new staff, payroll, training and marketing once you are on your way.

Jim Wilkinson | Ben Stein | Tessa Johnstone | Marian Barker | Nick Ruddle

11:00 – 11:45

### **Understanding branding & displaying your work effectively online**

This seminar will focus on helping businesses improve through branding and digital marketing, providing insight into the importance of branding and the best ways of displaying your work for engagement and lead generation. From web design and online presence to video content and portfolios, the Adtrak team will impart their digital marketing knowledge, as well as take questions in a Q&A session.

Caroline Hill | John Cutts | Ben Shaw

13:00 – 13:20

### **Demonstration: SYSTEMology**

The purpose of SYSTEMology is to free business owners from the daily stresses of running their business whilst working less hours and making more money. Nick will take you through the 'Four Stages of Business Systemisation' and you can decide what stage you're currently at, where you want to get to and what you need to do to get you there.

13:20 – 13:40

### **Demonstration: Vectorworks**

Vectorworks Landmark offers industry-leading tools that streamline landscape and garden design workflows. Whether you're transitioning from hand drawing or a general CAD application to a landscape-specific design solution, Landmark lets you maintain your signature style while helping your clients visualise your plans. Join Katarina Ollikainen at 1.20pm to discover Vectorworks Landmark.

13:40 – 14:00

### **Demonstration: Tilers Tools**

Tilers Tools is demonstrating how to cut through 20mm porcelain with ease. Its wet saws are used extensively in the landscaping industry and the demonstration will show how simple it is to cut through various materials if you have the correct equipment and you maintain your blades.

14:00 – 14:45

### **No more skirting the issue: Women in the Landscape**

Champions of industry, our panel will be broaching working elements that affect women in the landscape. Expect the discussions to tackle how issues like menopause and childcare are considered within the sector and how the landscape is levelling up in more ways than one.

Kate Cooney | Holly Youde | Anita Bates | Nicola Lovett | Mandy Steed

15:00 – 15:45

### **Quest for the Best: The Great Paving Debate**

The products that pave the way in the UK are often sourced globally across thousands of miles. Raising questions of ethical sourcing, availability and the impact on carbon footprint – is there a better way? From the popularity of porcelain to best practice installation methods, tools and materials, the panel will tackle the biggest issues in paving.

Jim Wilkinson | Gareth Wilson | Steven Walley | Giles Heap

## Theatre sponsors

### **CoirProducts**

CoirProducts.co.uk manufactures and supplies an innovative range of sustainable solutions for landscaping, erosion control, and horticulture. Its products are completely natural and biodegradable, and ethically produced and sourced to meet the highest industry standards.

## Headline

# ADEZZ<sup>®</sup> FURNS<sup>®</sup> AWOOD

Since 1991, ADEZZ has manufactured planters, garden ornaments and water features in its own manufacturing plant. It specialises in manufacturing high-quality planters at a very competitive price.

FURNS Street Furniture is a part of ADEZZ B.V. As ADEZZ's projects were increasingly used in public spaces, FURNS was established. It engineers, produces and delivers only for and to professionals.

Awood is specialised in the trade of wood, bamboo, and wood composites for the use of cladding and decking. Its focus is on providing 'green' and durable bamboo cladding.

## Theatres

CoirProducts.co.uk manufactures and supplies a range of sustainable solutions for landscaping, erosion control, and horticulture. Its products are biodegradable and ethically produced.

The RHS is joining us for the day to share what it takes to create a successful garden at an RHS show. Seminars will be hosted by the RHS from 10am in the RHS Show Garden Theatre.

Sorrento values quality and practicality above all else, guaranteeing its porcelain paving will be beautiful for years to come. Brought to you by the CTD Group, be assured that you'll experience top-tier service and support.

## Café

VertEdge is a new revolutionary artificial grass edging system, designed to provide a neat 100% adhered, secure perimeter finish, outperforming any other product or method on the market today.

## Lanyards

Caribbean Blinds is the leading designer, manufacturer and installer of luxury external shading systems in the UK, creating stylish patio awnings, innovative external blinds, award-winning louvered roofs and more.

## Badges

OASE's impressive product range includes pumps, filtration, lighting, decorative elements, and maintenance products designed for use in ponds. OASE also boasts a range of indoor aquatics products.

## Media partners

# PRO LANDSCAPER

Pro Landscaper is the UK's leading B2B magazine within the landscaping sector. It aims to inform, inspire and educate its readers.

# PROARB

Pro Arb aims to deliver achievable and informative business tips that can help companies throughout the arboriculture sector to thrive.

# DREAM GARDEN

Dream Garden aims to provide inspiration, insight and top tips for those working with professional designers and landscapers.

# Exhibitor A-Z

## A

### Allgreen Group

Stand 11

The Aquacut Group is based in Cheshire and the group comprises of three divisions. Aquacut is the fabrication division that creates functional and attractive building finishes from clients' tiles and stone. Its pieces are installed in many renowned premises around the world. Tilers Tools is a distributor of high-quality tools, equipment, consumables, cleaning products, and adhesives. Tilers Tools was established to serve professional tilers, landscapers, and builders. Babilonia creates luxurious rooms in the garden by supplying and manufacturing high quality and bespoke garden products to enhance outdoor living.

[www.allgreengroup.co.uk](http://www.allgreengroup.co.uk)

### Ashwells Reclaimed Timber

Stand 73

Ashwells Reclaimed Timber is the UK's leading tropical timber reclamation specialist. From its timber yard and mill in Essex, it reclaims tropical hardwoods such as Greenheart, Jarrah, and Keruing; repurposing the timber for future use in an FSC® certified process that prevents further deforestation, saves energy and mineral resources, and protects architectural history. "The rainforest is disappearing, fast. That's why we're collaborating with civil engineering contractors and landscape architects, saving tropical timber, and enabling a more sustainable built environment," mentions managing director, Janine Davies-Tutt.

[www.ashwelltimber.com](http://www.ashwelltimber.com)

### ADEZZ

Stand 50

Since 1991, ADEZZ has manufactured planters, garden ornaments and water features in its own manufacturing plant. In order to meet your customers needs best, it offers customised products, RAL-colours and a range of accessories including wheels for practically all its products. It specialises in manufacturing high-quality planters at a very competitive price. These sustainable Dutch quality products will certainly add value to your landscape design.

[www.adezz.com/en](http://www.adezz.com/en)

### ADEZZ

### Awood

Stand 50

Awood is specialised in the trade of wood, bamboo, and wood composites for the use of cladding and decking. Quality is what it is all about; it therefore only deals in a limited selection of A-brands. It offers inspiration to designers and has the capability to plane unique profiles – the only limit is your imagination. It only works with wood-related businesses to ensure perfect cladding or decking and therefore, a satisfied end user. Its focus is on providing 'green' and durable bamboo cladding.

[www.awood.nl](http://www.awood.nl)

### AWOOD

## B

### Beauxfort

Stand 35

Beauxfort's vision is to contribute to maintaining the great British tradition of elegant gravel driveways to beautiful properties and long-lasting outdoor areas, with innovative, UK manufactured landscaping products. Its most-loved system Gravelings gravel grid combats common pitfalls of gravel surfaces such as gravel migration, sinking and gravel slipping beneath and lifting the grid, ensuring that they remain out of sight, while preserving the beauty of the natural environment.

[www.beauxfort.com](http://www.beauxfort.com)

### Bernhard's Nurseries

Stand 48

Bernhard's is a family-owned business growing and supplying plants in the UK, produced in peat-free compost using recycled and recyclable pots. Contract plant production for show gardens and public projects is a speciality. It has representatives in the South East, the Midlands and Scotland to facilitate site visits and local clients. It offers a competitive price-point, but unrivalled service and quality.

[www.bernhardnurseries.co.uk](http://www.bernhardnurseries.co.uk)

### Blue Forest Treehouses

Stand 28

Blue Forest specialises in designing and constructing sustainable, bespoke treehouses for both private and commercial clients, with a focus on the high-end, luxury market. Uniquely designed and expertly crafted, our treehouses push the boundaries of creativity whilst having minimal impact on their natural surroundings. We have over 15 years' experience and are now considered one of the world's leading experts in the construction of treehouses and unique timber structures.

[www.blueforest.com](http://www.blueforest.com)

### Bourne Amenity

Stand 68

Bourne Amenity has been supplying hard and soft landscaping materials to the industry for more than 40 years. It works with the country's largest civil engineering companies and most prestigious landscape designers and contractors, ensuring its materials and delivery methods are second to none.

[www.bourneamenity.co.uk](http://www.bourneamenity.co.uk)

### Brickworks Vande Moortel

Stand 29

Brickworks Vande Moortel, established as the UK's leading supplier of continental style clay paving, offers unique sizes, colours and finishes such as its popular low oxygen fired grey pavers. Its clay pavers have been used in various award-winning projects (SGD, RHS and BALI) and are used worldwide by various leading landscape architects and garden designers.

[www.vandemoortel.co.uk](http://www.vandemoortel.co.uk)

# Sandown Park Racecourse | 15 March 2022

## British Association of Landscape Industries

Stand 51

Founded in 1972, the British Association of Landscape Industries is the UK's leading trade association for landscaping professionals – supporting more than 900 registered organisations and individuals.

Working across multiple disciplines, including hard and soft landscaping, playground installation, irrigation and design facility, members are vetted against the highest standards. Members have been transforming landscapes for 50 years, deploying the very best skills and latest products and materials to deliver projects that inspire.

[www.bali.org.uk](http://www.bali.org.uk)

# C

## CoirProducts

Stand 89

CoirProducts.co.uk (of Solike Limited) manufactures and supplies an innovative range of sustainable solutions for landscaping, erosion control, and horticulture. Its specialist products for landscaping include CoirProducts coir geotextiles, coir sheets, coir blankets and coir rolls. Its products are completely natural and biodegradable, and ethically produced and sourced to meet the highest industry standards.

[www.coirproducts.co.uk](http://www.coirproducts.co.uk)

## Composite Decking Supply UK

Stand 14

Composite Decking Supply UK supplies Millboard decking and associated products, with the best online price, quickly and efficiently. It prides itself as Millboard's number one independent distributor in the UK. Its delivery teams are on the road every day, right across the country, and its customers have rated it a five-star service.

It has built a great reputation with its trade customers over the past couple of years and is really looking forward to meeting new customers at FutureScape Spring.

Come by and have a chat at stand 14 where it will be showcasing its products.

[www.deckingspecialist.co.uk](http://www.deckingspecialist.co.uk)

## Coppard Plant Hire Ltd

Stand A2

Coppard Plant Hire Ltd has been trading for more than 50 years and is a totally family-owned company. It has divisions in plant hire, concrete sales, civil engineering, crane hire and construction equipment sales. Coppard Plant Hire has all plant available and is arriving at FutureScape Spring with its construction equipment sales division, with Slanetrac dumpers and Wacker Neuson Compact products.

[www.coppard.co.uk](http://www.coppard.co.uk)

## Crowders Nurseries

Stand 10

Growing since 1798

Crowders Nurseries is a nationally renowned wholesale grower of native and ornamental trees, hedging, shrubs and a wide range of herbaceous perennials, grasses and ferns in multiple sizes as well as specifications.

Crowders' products have been used in everything from high-end private domestic schemes to large national infrastructure programmes.

[www.crowdersnurseries.co.uk](http://www.crowdersnurseries.co.uk)

# D

## Day Aggregates

Stand 43

Day Aggregates is a leading supplier of aggregates, offering a wide range of products to meet varying needs in a sustainable manner. A network of rail-served depots, recycling and bagging facilities, together with a large fleet of vehicles, enables it to meet the challenges of any project.

[www.dayaggregates.co.uk](http://www.dayaggregates.co.uk)

## Deck Depot

Stand 55

Deck Depot is part of TradeScape, a company specialising in low maintenance landscape and building products to the trade. For further information, or to see all the full range of available products, visit [tradescape.co.uk](http://tradescape.co.uk).

Deck Depot specialises in high quality, deep embossed composite decking, cladding and fencing. The composite fencing range can be retrofitted into existing concrete posts or can be supplied with new steel post.

[www.deckdepot.co.uk](http://www.deckdepot.co.uk)

## Dream Garden

Stand 82

Dream Garden is a monthly print magazine aimed at anyone looking to upgrade their outdoor space. It promises to provide consumers with inspiration, insight and top tips for working with professional designers and landscapers, emphasising the importance of garden works being done properly and professionally, and how this will ultimately add value to their homes.

It offers inspiration from the portfolios of landscaping professionals, insight into the latest trends and products on the market and provides readers with invaluable tips on what to expect when working with professionals, including everything from deciding the budget to who makes the tea.

## Lux Unique

Stand 71

Lux Unique is based in Cheshire and offers a range of high-quality steel garden products in Corten and powder coated steel. The products are of superior quality to many others on the market and are designed in-house and fabricated on site, giving the company control over all aspects of the product. The company offers a bespoke design service to clients who wish to create something unique and has the equipment on site to enable them to design and fabricate bespoke pieces on a short lead time. The team has many years of experience in steel fabrication and is always happy to work with clients to bring their designs and ideas to life.

[www.luxunique.co.uk](http://www.luxunique.co.uk)

## MCM (SE) Limited

Stand 33

Nationwide soils, aggregates, waste? MCM simplifies your supply chain, sourcing sustainably and locally. British Standard certified topsoil, subsoil and specialist soil blends; primary, recycled and decorative aggregates; waste management from site inspection to safe removal and disposal – that's MCM. The team can offer material to suit site, project, access and client requirements – loose by articulated vehicles, lorry or tipper or in multi-trip grab bags.

[www.mcm-se.com](http://www.mcm-se.com)

## Mextru

Stand 26

Mextru is an innovative and leading supplier of aluminium extrusions, decking, subframes, pedestals and paving systems. It leads the way in quality, first class customer service and competitive pricing. It offers an exclusive range of exterior landscaping solutions and products, all of which are made from recycled aluminium. Its decking boards have an anti-slip surface, are low maintenance and available in a range of powder coated finishes. All its products are A1 fire rated.

[www.mextru.com](http://www.mextru.com)

## Moasure

Stand 49

Measuring complex shapes with traditional tools has so much potential for error. Thanks to its patented technology, Moasure makes measuring the difficult, simple. Moasure enables landscapers to measure in a completely new way, just by moving from one point to another.

You can also draw while you measure, capture in 3D, factor in gradients and elevations effortlessly, and calculate the area of complex spaces simply.

[www.moasure.com](http://www.moasure.com)

## Moles Seeds

Stand 47

Moles Seeds is a leading supplier of seed to commercial growers, landscapers and public authorities. The company has one of the largest ranges of seeds on the market including annuals, perennials, grasses, wildflowers, ornamental seed mixes and vegetables. This year, it will be focusing on its range of seed mixes for creating meadows.

The staff at Moles Seeds look forward to meeting and discussing possibilities for next year with all new and existing customers.

[www.wholesale.molesseeds.co.uk](http://www.wholesale.molesseeds.co.uk)

## NCC Streetscape

Stand 5

GftK's paving joint mortars are exclusively provided in the UK by NCC Streetscape. GftK's unique technology provides the best jointing solutions for all types of new paving, including external porcelain, and are also ideal for repointing works. The GftK range is designed for easy, wet-slurry installation, even in wet and cold weather conditions, effectively self-compacting into the joints. They also harden quickly, providing high performance and full resistance to the traffic and exposure (including frequent jet washing, etc.), in all different areas of paving, from domestic driveways to retail developments, historic market squares and town centre roadworks.

[www.nccstreetscape.co.uk](http://www.nccstreetscape.co.uk)

## OASE

Stand 23

OASE's product range includes pumps, filtration, lighting, decorative elements, and maintenance products for the pond. Products are manufactured in Germany to the highest quality. OASE's water landscaping range now includes Corten steel and copper bowl water features. OASE also boasts a range of indoor aquatics products.

[www.oase.com](http://www.oase.com)

## OSC Sales Ltd T/A Carpenters Mate

Stand 65

Established in 1998 to distribute FastenMaster self-drilling fasteners, OCS is still the importer and distributor for the entire product range. However, it saw a need for a comprehensive British-made range of first-class corrosion-resistant screws and fasteners specifically for UK timber sizes. It is proud to say that its Carpenters Mate self-drilling screws and fasteners have taken the UK trades market by storm. Every Carpenters Mate product is designed and manufactured in accordance with market need.

[carpentersmate.oscsales.co.uk/shop](http://carpentersmate.oscsales.co.uk/shop)

## Perennial

Stand 72

Perennial is the UK's only charity dedicated to helping everyone who works in horticulture when times get tough, including those in the landscape sector and their families. Perennial provides free and confidential advice, support and financial assistance to people of all ages working in, or retired from horticulture. This help extends to spouses, partners and children.

[www.perennial.org.uk](http://www.perennial.org.uk)

## PlantBox

Stand 41

PlantBox is available from UK manufacturer Growing Revolution, the sister company of vertical green infrastructure specialist Biotope. It designs and manufactures nature-based products, driven to reconnect people with nature and minimise its impact on the planet by designing products that minimise water wastage. It also focuses on partner support, from account management and training to drop shipping and co-branded sales collateral.

[www.growingrevolution.com/trade](http://www.growingrevolution.com/trade)

## Polis Ceramiche

Stand 92

Polis Ceramiche manufactures porcelain pavers at its factory near Modena, Italy. Its two-centimetre-thick slabs are intended for external anti-slip applications. Polis's pavers withstand the rigors of external environments, supplying a surface that is beautiful, safe underfoot, cleanable and durable. The slabs are produced in a variety of sizes/finishes and the two centimetre thickness is always produced in conjunction with Polis's 10mm 'indoor' porcelain.

[www.polis.it](http://www.polis.it)

## Pro Landscaper

Stand 82

Pro Landscaper is the UK's leading B2B magazine within the landscaping sector. It aims to inform, inspire and educate its readers, which exceed 6,000 industry professionals across the UK.

Its readers are kept up to date with the latest news on a daily basis with the Pro Landscaper website – and for those who have missed these stories, a weekly roundup of the must-reads is sent out each week via its newsletter, the Friday Wrap.

[www.prolandscapermagazine.com](http://www.prolandscapermagazine.com)

## Quercus Fencing

Stand 34
