SHOWGUIDE

16 – 17 NOVEMBER | ExCeL LONDON

SHOWGUIDE SPONSOR

Clarity Graphite
Composite Fencing

ESSENTIALS MADE BEAUTIFUL

An innovative and sustainable wood plastic composite profile; long-lasting, low maintenance alternative to timber.

This new recycled fencing material can either be retro-fit between existing concrete fence posts or can be utilised in the fully composite system, meaning upgrading outdoor spaces could not be easier.

The fence board is dual-sided and can be stacked on top of one another in various ways to achieve a range of designs. The goal was to create fencing that was durable, beautiful and simple to install. The range is available in five stunning colours and is guaranteed to add a stylish, durable and affordable feature to any home.

A SUSTAINABLE ALTERNATIVE FOR A STABLE SUB-BASE

Introducing **EASYClickBase**, a revolutionary new way to create patios, paths and driveways.

SAVE

EASYClickBase significantly reduces the time, labour and cost of an installation whilst maintaining the integrity of the project.

REDUCE

EASYClickBase reduced excavation by up to 80% in early test sites, and reduced replacement aggregate by 75%¹

RECYCLE

Manufactured from 100% recycled ABS plastic. **EASYClickBase** is a new way to create a stable sub-base, without the environmental impact.

¹ Data from 60m² domestic driveway test site. Site conditions will impact results.

Welcome to FutureScape

Shaping the Future of UK Landscaping

Welcome to FutureScape Expo 2021. We are finally ready to open the doors and share with the world what have been our biggest and most exciting developments to date. Some of these changes include:

- ExCeL London – FutureScape now has a home fit for its position as the leading exhibition in the landscaping sector. The ExCeL is easily accessible, has an abundance of facilities and, most importantly, has the space required to bring together a sector that has grown significantly over the last decade.
- Two days – the event will be open on Tuesday 16 and Wednesday 17 of November 2021. This allows for more seminars and more time to visit an ever-growing number of exhibitors. The exhibition hall is full of companies exhibiting innovative products and services and we know you are going to want more time to explore this area.

We are delighted that we now have the opportunity to do what we do best and bring our community back together. There will be live demonstrations, expert seminars, networking opportunities and the chance to celebrate some exceptional success stories of 2021. These celebrations include Pro Landscaper's 30 Under 30: The Next Generation awards, Pro Landscaper's small project BIG IMPACT Awards, the Pro Landscaper Podium Awards and the much anticipated Pro Landscaper Summit.

We really look forward to seeing everyone in person (you can't beat a live event!) on Tuesday 16 and Wednesday 17 of November. FutureScape is back, bigger and better, adding more value to you, your business, and the UK landscaping sector.

COVID-19 MEASURES

FutureScape, with ExCeL London, is prioritising the health and wellbeing of visitors. ExCeL has been working with professional bodies to develop its guidelines to ensure appropriate measures are in place. Working alongside the Association of Event Venues, it has developed the All-Secure Standard, an industry-wide benchmark for safe organised events.

What do visitors need to do?

- You will need to provide proof of double vaccination, COVID-19 antibodies or a negative lateral flow test in order to enter the event.
- ExCeL London recommends wearing a face covering inside the venue unless you are exempt.
- Social distancing is encouraged inside the building and relevant markers and a one-way system will be installed in public areas.
- Please use the hand sanitiser stations are located throughout the venue.

What is the venue doing?

- Signage displaying key messages, in line with the latest government

advice, will be in place throughout the venue.

- An enhanced cleaning routine is in place, which means:
 - All touch points are regularly wiped and sanitised.
 - Bathrooms are checked and cleaned regularly by a dedicated cleaning team.
 - A Nimlock Entry Management System has been installed at the entrances to all bathrooms alongside the boulevard to help with managing the flow of people.
- Waste management procedures are in place for the safe disposal of PPE and testing materials.
- Ventilation has been increased to improve the air circulation making it fresher in line with the CIBSE (Chartered Institution of Building Services Engineers) guidance and recommendations.
- The self-service coffee machines and water coolers and will be cleaned regularly and there will be a cleaning register next to each machine.
- All transactions for food and beverage will now be cashless.

About the host

Eljays44 is a trusted media business, established in 2011, known for its landscaping-focused magazines, events, awards and research projects. We are very proud of our brands and are committed to continually adding to and improving them whilst building on the excellent industry relationships that we treasure.

Working with and within the landscaping sector over the years has not only been a tremendous learning curve, but a real pleasure. We have learnt so much by continually discussing, debating and working with colleagues and people within the sector, shaping our products to suit the ever-changing needs of the market. We believe that being focused on the markets we serve and understanding what would benefit our readers and visitors most means that our brands continually exceed people's expectations.

One thing is for certain: if you love what you do, it doesn't feel like work. That is certainly true for us. Our passion helps us to deliver excellent results whilst constantly growing and learning. We are looking forward to working with you, and we are confident that we can help you find the right route into this exciting market sector.

How to get there

Royal Victoria Dock, 1 Western Gateway, London E16 1XL 16 November 9am–5pm | 17 November 9am–3:30pm

By car

If you are arriving via the M11, the North Circular (A406) or the A13 as you approach the ExCeL, you will pick up signs for Royal Docks, City Airport and ExCeL London.

If you are travelling from the east to ExCeL from the M11 or into London from the East and are using a satellite navigation, please use the postcode E16 1FR.

If you are travelling from the west to ExCeL from the Blackwall Tunnel, Limehouse Link, A12 or central London, please use the postcode E16 1XL.

If you are traveling from Brighton, follow the M23 and M25 through West Sussex and onto the A2 in Kent. Take the exit towards London/Bexleyheath from M25, then continue onto the A2 and take A102 to Sandstone Lane in London.

Parking

For FutureScope, the ExCeL offers parking across two car parks: the Orange car park (under the main venue) and the Royal Victoria multi-

storey car park. Parking costs £20 in the Orange car park for up to 24 hours. Parking cannot be pre-booked and is on a first-come first-served basis. There are allocated spaces for those with disabilities. Any vehicle displaying the disabled blue badge is still required to pay the car park charge. Parking is for cars only.

By train

The ExCeL has two DLR (Dockland's Light Railway) stations: Custom House for events taking place in the west of the venue and Prince Regent for those taking place in the east. **FutureScope will be taking place in the west of the venue.**

The nearest underground station to the venue is Canning Town. Take the DLR from Canning Town towards Beckton and alight at Custom House.

For visitors arriving by foot, taxi or DLR, the nearest entrance is the West Pyramid Entrance. For those arriving via DLR, please alight at the Custom House station.

Visitors arriving by car should use the N4/S4 Entrance. This entrance is in Zone 3 of the undercroft car park and will bring attendees directly up onto the boulevard.

Alternatively, you can walk to the venue – ExCeL is approximately a 20-minute walk from Canning Town underground station.

what3words

To help people find their way around the venue, the ExCeL is using what3words, available on Android and iOS, which gives every 3m square in the world a unique three-word address.

FutureScope's three-word address is: Update. Curry. Region.

What to expect

Awards

Each year, FutureScope plays host to some of the most prestigious award ceremonies in the industry. Three of these will be held in 2021 in the Pro Landscaper Theatre.

Since launching in 2018, the Pro Landscaper small project BIG IMPACT Awards have grown substantially, with a record number of entries this year. The winners will be announced at a ceremony on 16 November at 12:30pm.

Later, these will be followed by the Pro Landscaper's 30 Under 30: The Next Generation Awards at 5pm. Now in their seventh year, the Pro Landscaper 30 Under 30: The Next Generation Awards continue to showcase, acknowledge and encourage the sector's rising stars.

The next day, on 17 November, the Pro Landscaper Podium Awards will be taking place at 12:30pm. With more categories and a bigger venue, this year's awards are set to be the best yet, recognising those who have created exceptional landscapes above ground.

Outside of the Pro Landscaper Theatre, the annual Arbordeck Awards are being held in the Inspire Theatre on 16 November at 12pm. All installers who enter are in with a chance to win Deck of the Year, with an impressive prize up for grabs.

Demos and displays

Head to the World's Greatest Planters Display to see exactly that – a selection of the top planters available for you to choose for your projects. With different shapes, sizes and materials on display, there'll be something for every scheme.

As well as seeing a selection of market-leading products across the multitude of trade stands, The Landscape Academy will be hosting a handful of demos over the two-day event on two key product installations – porcelain paving and Dutch clay pavers. The academy will also be hosting a Q&A session for designers, with the aim of discovering their training options and requirements.

Seminars and panel debates

With four rooms to choose from and a range of topics, you'll no doubt have a packed itinerary for the two-day show. Covering everything from staff and recruitment to design ideas to product installations and explanations, plus one of the biggest items on everyone's agenda – climate change – there's something for everyone across FutureScope's seminar programme. On top of this, the Green Roof Organisation has put together a series of expert speakers for its own dedicated theatre at the show.

This year also sees the return of FutureScope's popular topical debate, The Summit, taking place in the Pro Landscaper Theatre at 6:30pm. After what has been a tumultuous year for many, our panel of forward-thinking experts will be discussing the role that UK landscaping can play in 'building back greener'. Better yet, the panel will be taking questions for the audience, so have yours to hand!

Seminar programme

TUESDAY 16 NOVEMBER

Pro Landscaper Theatre Sponsored by GreenBlue Urban

10:00 – 11:00

Beyond 2021: The Future of Our Landscapes

In a post-COVID-19 world, is the landscaping profession taken seriously? Set to contribute £42bn to the UK economy by 2030, the industry's importance will be analysed and celebrated by cross-sector experts. Outlining how landscaping needs to gain the commercial recognition and value it deserves, the session will tackle the pressing issues businesses are facing; from staffing and sourcing, to diversifying and differentiating yourself in a competitive marketplace.

Jim Wilkinson | Adrian Wickham | Jane Findlay | Thomas O'Mahony | John Melnoe

11:30 – 12:15

Four Landscapers: The Future of Landscape Construction

Whether you are involved with public, commercial, domestic projects, the underpinning principles are the same – you can never stop learning, and the techniques, materials, methods and legislation all evolve. Our landscaping panellists have risen to the challenges at every turn; from fledgling landscaper to expert contractor, four specialists will share their own journeys and how they are facing the future of landscape construction head on.

Nina Mason | Ross Conquest | Jake Catling | Craig Nester | Peter Robinson

12:30 – 13:30

Pro Landscaper's small project BIG IMPACT Awards 2021

The winners of Pro Landscaper's small project BIG IMPACT Awards will be announced, with all vying for the top prize of Supreme Winner.

15:30 – 16:30

Pro Landscaper's 30 Under 30: The Next Generation Reunion Sponsored by Green-tech

Since its launch in 2015, there have been 210 winners of the prestigious 30 Under 30: The Next Generation award. All the previous winners are being invited to attend a reunion to catch up and celebrate their achievements, as well as to hear from an inspirational panel on reaching their future goals.

Jim Wilkinson | Richard Kay | Phil Jones | Adrian Wickham | Alexandra Noble

17:00 – 18:00

Pro Landscaper's 30 Under 30: The Next Generation 2021 Awards Sponsored by Green-tech

Now in its seventh year, Pro Landscaper's 30 Under 30: The Next Generation initiative once again recognises the rising stars in the industry, presenting this year's class of winners with their prestigious awards, sponsored by Green-tech.

18:00 – 19:00

Pro Landscaper's The Summit | Build Back Greener: The Landscape Revolution Starts Now

Sponsored by Fresh Horticulture Careers

The importance of outdoor living, public open space, gardens and landscapes has never been greater. If there is one industry which can help to 'build back greener', it's landscaping. So, what role should we be playing in promoting the industry's benefits for the environment, health and wellbeing, and a more eco-friendly future?

Jim Wilkinson | Marcus Watson | Helen Elks-Smith | Sarah Eberle | Mark Gregory | Steven Walley | Sue Morgan

Nurture Theatre Sponsored by Van den Berk Nurseries

11:30 – 12:30

Four Growers: The Future of Horticulture

Rising costs, the impact of Brexit, labour shortages and climate change – horticulture has certainly borne more than its fair share of the brunt of recent challenges. But growers remain realistic and steadfast. Four of the UK's leading horticulturists will examine the route ahead in terms of plant choice, availability and changing customer demands.

Lewis Normand | Richard McKenna | Robert Crowder | Simon Sutcliffe | John Marsden

14:30 – 15:30

Planting for Britain: The Future of UK Native Plants

Helping the UK to 'build back greener' post-Brexit and post-pandemic, UK growers need to be prepared to adapt and predict demand for future planting plans. The panel will look into underlying planting and production considerations, plant design trends and how to work closer with specifiers and designers to ensure business and stock continuity.

Lewis Normand | Sarah Eberle | Naomi Ferrett-Cohen | James Smith | Martha Krempel | Carolin Göhler

15:30 – 16:30

The Hub: A Guide to Creative, Sustainable Garden & Landscape Design

Designer, broadcaster and tutor Humaira Ikram, and designer, writer and tutor Darryl Moore will talk about curating thehub.earth, an independent online guide to creative and sustainable garden and landscape design. Highlighting global events, activities and news relating to land-based design, sustainability, historical landscapes and plants, the hub.earth keeps the horticulture community up to date with cross-disciplinary resources, best practices, and new ways of thinking about the world around us.

Darryl Moore | Humaira Ikram | Jodie Jones

Business Theatre Sponsored by UK Landscape Barometer

11:30 – 12:30

Soil Health and Climate Change

Soils fulfil a number of essential services, apart from supporting plant growth, that are central to social, economic and environmental sustainability, and which can help combat climate change and reduce its impact. Tim will explore some of the practical ways in which these services can be optimised in landscape projects in both design and construction phases.

Tim O'Hare

14:30 – 15:30

The Price Is Right – Or Is It?

"Know your worth; never settle for less than you deserve" – easier said than done in a marketplace where the value of good landscaping often goes unnoticed. Setting and sticking to a pricing strategy can be difficult. With representatives who recognise that challenge only too well, our panellists will discuss how to pitch pricing at the right level without undervaluing your work, your time and your expertise.

Jess McCabe | Jake Catling | Mark Youde | Sam Hassall | Nick Ruddle

15:30 – 16:30

Fully Charged: Powered by Battery

You need battery powered equipment you can rely on. What do the leading equipment manufacturers have in their armoury to power our future landscape builds? Our switched-on expert panellists take on the topic, looking at how battery usage will change, exploring alternative power sources, and debating how associated problems such as run-time and power can be overcome.

Nina Mason | Simon Hewitt | Mark Earles | James Walker

Inspire Theatre Sponsored by VertEdge

13:00 – 14:00

How To Streamline Your Work With Vectorworks Landmark 2022

Join Vectorworks for a look at the new and exciting features of 2022 as well as a few tips and tricks on how to speed up your workflow from start to finish – sometimes small changes can make a world of a difference! Katarina will go through how to decide what you should implement and how to get from concept to finished design without wasting time on unnecessary details and manual procedures.

Katarina Ollikainen

14:30 – 15:30

The Great Soil Debate

Top of your topsoil considerations should be its specification, standards, testing, sourcing and certification. Five of the UK's top suppliers will discuss how to ensure the soil you select is certified, inspected and fit for purpose, as well as touching on new substrates, new legislation and new environmental considerations.

Rachael Forsyth | Andy Spetch | Simon Hedley | Drew Wetherell | John Coles | Mark Wood

15:30 – 16:30

Five Designers: The Future of Landscape Design

Five prolific landscape designers will tackle the topical issues affecting their approaches to design and specification. With 33 million gardeners and many more embracing outdoor living and green space, the relevance and importance of landscape design has never been greater and will help to ensure the longevity of these spaces.

Peter Donegan | Stefano Marinaz | Tony Woods | Ruth Willmott | Michael John McGarr | Sara Jane Rothwell

Continued ➔

WEDNESDAY 17 NOVEMBER

Pro Landscaper Theatre Sponsored by GreenBlue Urban

10:00 – 11:00

One Industry: Future Collaboration

UK ornamental horticulture and landscaping will support more than 760,000 jobs by 2030. Each sector's voice is amplified by its own trade body and, in this debate, panellists will share a leadership perspective on remaining stronger together. Representatives from each trade association will seek to forge stronger bonds, collaborating on a united front and highlighting how membership adds value to and brings benefits to your business and its bottom line.

Jim Wilkinson | Wayne Grills | Phil Tremayne | Brodie McAllister | Lynne Marcus

11:30 – 12:30

Four Landscape Architects: The Future of Placemaking

Placemaking and urban planning have risen up the agenda. The creation of high-density cities and residential areas needs a higher commitment to green infrastructure, public open space and environmental consideration. Four leading landscape architects will share and debate the pressing issues in the UK's great landscape masterplan.

Rachael Forsyth | James Lord | Ewan Oliver | Chris Churchman | Charlotte Norman

12:30 – 13:30

Pro Landscaper's Podium Awards 2021 Sponsored by Bourne Amenity

Pro Landscaper's Podium Awards are back, and they're bigger and better than ever. The winners of these prestigious awards will be announced in a standalone ceremony at FutureScape, with a Supreme Winner to be revealed.

14:30 – 15:30

Designer, Contractor and Supplier: Parallels or Partners?

An age-old debate, but one that never ceases to throw up a new perspectives. With delegates versed in the design, build and supply of successful, prestigious landscape schemes, our panellists have views and real-life experience of how they can work best together. Setting the ground rules, keeping the communication channels open with respect and professionalism – each touchpoint will no doubt draw a lively discussion – and one you might want to jump into, too.

Jim Wilkinson | David Dodd | Rosemary Coldstream | Carl Reeders

Nurture Theatre Sponsored by Van den Berk Nurseries

10:00 – 11:00

The Right Tree: The Future of Today's Choices

There is arguably no greater visual impact in a landscaping project than large and semi-mature trees. Their ultimate success in a landscaping project, though, requires a commitment by the supply chain. Choosing the right tree for the right location is just the start. Delivery, handling, anchoring, irrigation and aftercare; our panel of tree growers will draw on their experience, successes and challenges.

Lewis Normand | Jamie Butterworth | Tom Owen | Steve McCurdy

11:30 – 12:30

The Green Shoots of a Post-COVID Work Environment

plants@work members will discuss their experiences of the change in clients' requirements for the post pandemic office, including how the transition from the home office to the communal working environment and the ways interior landscapers can facilitate the emotional support for office workers.

Kenneth Freeman | Ian Drummond | Thomas Palfreyman | Richard Sabin | Emily Vernon

14:30 – 15:30

How the interior landscaping industry engages with architects

Integrating biophilic design into buildings using horticulture has become critical following the pandemic. Tom will be providing an overview of how interior landscapers working with architects and designers to ensure this process is cohesive, integrated and simple.

Thomas Palfreyman

Business Theatre Sponsored by UK Landscape Barometer

10:00 - 11:00

Loud and Proud: The Future of Marketing and Social Media

Promote your brand, maximise your reach and stand out from the crowd. Sound easy? Find the right tone, audience and messaging and you will be on the right track in your marketing plan. Our panellists have identified the key touchpoints in their marketing strategies for some of the most recognised landscape brands, and they are ready to share their stories to help you in your promotional endeavours.

Jess McCabe | Anthony Macson | Barry Randall

11:30 - 12:30

Recruit, Train, Retain: The Future of Landscape Recruitment

Recruiting and retaining a reliable workforce has never been easy in the external environment. The economic situation hasn't helped, either. So, what can you do? Exploring the routes to recruit, support and implement training and development programmes, our panellists know only too well the importance of nurturing and encouraging the people at the heart of a business.

Nina Mason | Oliver Hemson | Marian Barker | Nigel Payne | Paul Downer

14:30 - 15:30

Working It Out: Dispute Resolutions

Managing customer relationships alongside day-to-day operations can be daunting, and even more so when there is a conflict. From withholding payment to challenging workmanship to throwing blame, disputes can be damaging to your reputation, mental health and bank balance. Gareth will outline how best to manage your contracts for clarity with clients from outset, allowing for the swiftest and most effective resolution.

Gareth Wilson

Inspire Theatre Sponsored by VertEdge

10:00 - 11:00

Climate Change Ready? The Future of Sustainable Landscapes

The landscape sector has sustainability at its very core. Has there been an increase in demand for climate change-ready plants? What is the next ground-breaking development in sustainable materials? How is the sector preparing to meet the challenges and demands of its environmentally conscious stakeholders? Get involved in the debate between key landscape influencers on the panel.

Ben West | Alistair Bayford | Jilayne Rickards | Mark Keir | Joel Ashton

11:30 - 12:30

One-to-One: Peter Donegan

From design excellence at the WWI Centenary Peace Garden in France, RHS show garden successes and regular television appearances on RTE's DIY SOS The Big Build Ireland, Peter Donegan has made a monumental impression on horticulture and landscaping. Jim will dig deep into Peter's horticultural narrative to find about more about the man, his design inspiration and his role in TV's garden arena.

Jim Wilkinson | Peter Donegan

14:30 - 15:30

Green is the New Grey: The Future of Supermarket Car Parks

Pro Landscaper's Green Up Campaign is committed to seeing more green and less grey in supermarket car parks. Over the last few months, it has seen key industry figures give their take, while offering tips for improving biodiversity. Panellists will explore why the campaign is needed, some key green solutions that can be implemented and how you can lend your voice to the campaign and champion change.

Rachael Forsyth | Howard Gray | Adam Dunnett | Richard Burton | Richard Sabin | Ken White

PRO LANDSCAPER'S 30 UNDER 30 THE NEXT GENERATION

SPONSORED BY GREEN-TECH

We are delighted to sponsor Pro Landscaper's 30 Under 30: The Next Generation. It is one of the most valuable industry initiatives that recognises, encourages and celebrates the remarkable talent of the younger generation. Turning the spotlight on this group and raising the profile as a career choice is critical to the future success and growth of the landscaping, horticulture, and forestry industries. It provides a great springboard for winners, and we take great interest in watching their careers develop.

Build Back Greener: The Landscape Revolution Starts Now

When? Tuesday 16 November, 6pm

Where? Pro Landscaper Theatre

The importance of outdoor living, public open space, gardens and landscapes has never been greater. If there is one industry which can help to 'build back greener', it's landscaping. So, what role should we be playing in promoting the industry's benefits for the environment, health and wellbeing, and a more eco-friendly future?

Marcus Watson, former managing director of green service provider Ground Control, will explain the stark reality of our climate crisis with hard-hitting facts around greenhouse gas emissions and temperature changes. But whilst the situation is dire, it can still be turned around if individuals, companies and organisations act now. Ground Control, for instance, has become carbon neutral, and other businesses have announced similar achievements, with plenty more to come.

What else can the landscape industry do to halt climate change and work towards a greener future? Our panellists will discuss the actions they are taking and will take questions from the audience to share advice and inspiration and encourage determination and change.

Chair Jim Wilkinson

Keynote Speaker Marcus Watson

Barcham Trees will be promoting the Plant Health Alliance. Visit the stand to collect its free 'Time for Trees' (edition 4) book, which contains Carbon Capture 'Top Trunks' guide.

www.barchampro.co.uk

AVANT Tecno UK Ltd Stand J21

AVANT brings innovation and ease to any task. By listening to customers and industry professionals, it has created "the most multi-functional loader in the world".

AVANT manufactures more than 200 different attachments suitable for countless applications and continues developing them with customers. AVANT pioneered the compact machine sector 25 years ago and has been innovating with its products ever since. No other manufacturer offers the range of compact loaders and attachments.

AVANT's sales have dramatically expanded thanks to a growing network of regional dealerships and hire partners. AVANT UK has sold more than 5,000 compact loaders and is known for its exceptional solutions for various types of sectors.

www.avant.co.uk

Baron UK Ltd Stand I21

If you would like to work quicker, more precise and not least more gentle, then you check out the tools available from Baron. It specialises in high-quality tools for both landscape gardeners and pavers.

Baron is a top choice for professional bricklayers, landscape gardeners, pavers and roofers when choosing on-site mobile mixing and handling equipment.

Baron's vision is the foundation of all of its work, and it can be seen in everything from its product development, communication on social media to personal service. Baron prides itself on function, safety and ergonomics.

www.baron-mixer.com/en

Bernhard's Nurseries

Stand B31

Bernhard's Nurseries is a family-owned business, growing and supplying plants in the UK for over 75 years. Plants are produced in peat-free compost using recycled and recyclable pots, with consideration for the environment. Contract plant production for all UK show gardens and public projects is a speciality.

There's an extensive range of plants produced, available onsite and through a range of key partners to provide full list supply. Delivery is throughout the UK using its own fleet, with drivers who understand plant handling needs. It has a highly experienced team of horticultural professionals and offers a very competitive price-point, but unrivalled service and quality.

www.bernhardsnurseries.co.uk

BISHTA and SPATA

Stand Z56

Joining together for FutureScape this year are two UK trade associations for the UK Hot Tub and Pool industry, BISHTA (British and Irish Spa and Hot Tub Association) and SPATA (Swimming Pool and Allied Trades Association). The two associations set the standards for the UK Industry and all members of BISHTA and SPATA work to each association's Code of Ethics. Many of the trade associations not only supply and install to domestic customers but also work with commercial clients on a regular basis. BISHTA and SPATA also join forces for the annual British Pool & Hot Tub Awards.

www.bishta.co.uk
www.spata.co.uk

Brett Landscaping

Stand Z92

Brett Landscaping is modern in its thinking. It is a service-led company anticipating your needs, being proactive and having integrity in everything it does.

Its products are manufactured from high-quality concrete, porcelain or natural stone and are designed to enhance any outside space with beautiful products, including block paving, paving slabs and kerb systems. The Brett Approved Installer scheme allows it to work with established installers in paving and landscaping across the UK, providing installers the opportunity to grow their business through working with high-quality products that customers trust.

Brett believes in delivering what it says, every time.

www.brettlandscaping.co.uk

British Sugar

TOPSOIL

Stand J51

British Sugar TOPSOIL is a long-established supplier of high-quality subsoils, topsoils and top dressings.

British Sugars range of products are all produced using prime arable topsoil. The range includes products ideal for a multitude of projects and purposes – Landscape20, General Purpose Subsoil, Free Draining Subsoil; HortLoam, and Lawn Dressing.

www.bsttopsoil.co.uk

Bury Hill

Landscape Supplies

Stand C74

Bury Hill Landscape Supplies has supplied the industries for more than 20 years with a range of superior hard and soft landscaping materials. It has earned a solid reputation for the supply and delivery of exceptionally high-quality materials, which include a wide selection of specialist, general purpose and contract grade soils and subsoils; SuDS soils; dressings, sports loams and horticultural blends; as well as barks, mulches and play surfaces.

www.buryhilltopsoilandlogs.co.uk

Boughton Loam

Stand D92

Boughton Loam produces and supplies screened natural topsoil and various peat-free growing media, including green roof substrates, to industry recognised specifications.

Boughton is one of the few topsoil producers that uses certified natural topsoil in its products. In addition, the team's experience and understanding of landscaping and horticultural applications sets it apart from competition. It has been supplying the construction, landscape and horticultural sectors of the market for more than 30 years.

www.boughton.co.uk

Brickworks

Vande Moortel

Stand J102

Brickworks Vande Moortel, leading supplier of continental style clay paving, offers unique sizes, colours and finishes, such as its popular low oxygen fired grey pavers. Its clay pavers have been used in various award-winning projects and are used worldwide by leading landscape architects and garden designers.

www.vandemoortel.co.uk

British Association of Landscape Industries

Stand B51

Founded in 1972, The British Association of Landscape Industries is the UK's leading trade association for landscaping professionals – promoting, supporting and inspiring more than 900 registered organisations and individuals, including accredited contractors, designers, suppliers and training provider members.

Members have been transforming landscapes for nearly 50 years, deploying the very best skills and the latest products and materials to deliver projects that renovate spaces and inspire future generations.

Ceramiche Caesar

Stand I101

Ceramiche Caesar's story begins in 1988 as specialists in a material, porcelain tiles, surfaces devoted to technical excellence and satisfying on the eye with their beauty; the result of their experience, research and technology.

An Italian story, appreciated the world over, that talks about attention to the environment and safety, an aptitude for design and architecture solutions. This story is part of Caesar's culture: every day it is divided into a thousand different themes and finds fulfilment only when it becomes part of your design project. Your projects reflect your choices, your creativity, your way of being – they deserve products to match. Caesar is the material for your projects.

www.caesar.it

Champion Timber

Stand K41

Champion Timber is a leading supplier of landscaping products with 10 branches across Surrey and Kent. It offers a comprehensive range of redwood, hardwood, and Millboard decking, with the associated products to complete any landscaping project.

Additionally, it stocks a large range of landscaping batons and joinery quality timbers in UC4 treated redwood, cedar and sapele, plus sleepers and fencing. Champion Timber has a free delivery service within its branch network area, and can also machine any timber to a size or profile you may require.

www.championtimber.com

Coles Nurseries

Stand D91

From its start in 1913, Coles Nurseries has maintained close ties with its customers ensuring that it supplies what its customer want and need. This ethos is even more critical now; in a fast-moving world, it needs to be able to react and deliver stock and a level of service that meets the demands and tight time frames of its customers. Coles Nurseries offers the amenity landscape and wholesale trade a wide range of trees, shrubs, herbaceous and grasses all grown and supplied in accordance. Visit the stand and discuss how Coles Nurseries can help your business grow.

www.colesnurseries.co.uk

Composite Prime

Stand G90

Composite Prime is the UK's leading brand of sustainable composite decking. Based in Ilkley, West Yorkshire, its unique formula of wood/plastic decking is manufactured from FSC 100% certified quality oak wood fibre and recycled plastics.

The company is dedicated to producing sustainable materials – in the last six years of operation, the brand has saved the equivalent of 151 million plastic milk bottles from reaching landfills.

www.composite-prime.com

CORE Landscape Products

Stand D100

CORE Landscape Products is a family run business with more than 30 years' experience in the design, manufacture and supply of high quality, eco-friendly products that are built to last and require minimal maintenance. With a range of products including UK manufactured steel edging and gravel stability grids to a variety of drainage solutions, it is the one stop shop for all landscaping supplies. All its products are manufactured in strict accordance with ISO 9001 and ISO 14001 standards.

www.corelp.co.uk

Creepers

Stand G100

Creepers is now firmly established as one of the top UK nurseries, specialising in large trees, hedging, topiary and architectural forms of specimens. Its experience and expertise is firmly built on 35 years in the industry with the soft landscaping and planting design side of the business, directly sourcing plants from a select group of specialist growers and traders, both in the UK and throughout the EU, with close relationships based on years of trade.

www.creepersnursery.co.uk

Crowders Nurseries

Stand A71

Crowders Nurseries is a nationally renowned wholesale grower of native and ornamental trees, hedging, shrubs and a wide range of herbaceous perennials, grasses and ferns in multiple sizes and specifications.

Crowders' products have been used in everything from high-end private domestic schemes to large national infrastructure programmes.

www.crowdersnurseries.co.uk

Deck Depot

Stand G32

Deck Depot specialises in high quality, deep embossed composite decking. Its deep embossed range boasts six colours, offering 3.6m lengths across the range and five metre lengths available on some colours.

Delivering nationwide in unbranded vans, Deck Depot can offer white label next-day composite decking, cladding and fencing. Each client is given a dedicated account manager, and their direct mobile number.

www.deckdepot.co.uk

Decorcera

Stand B41

Decorcera is a company with more than 40 years of experience in the tile industry manufacturing and exporting porcelain tiles. It supplies some of the world's leading DIY stores, distributors and designers. Offering the complete package, Decorcera caters for all your tiling requirements, from initial design ideas right through to cleaning and maintenance advice and products for your project.

www.decorcera.com

Dream Garden

Stand A73

Dream Garden is a monthly print magazine aimed at anyone looking to upgrade their outdoor space. It promises to provide consumers with inspiration, insight and top tips for working with professional designers and landscapers, emphasising the importance of garden works being done properly and professionally, and how this will ultimately add value to their homes.

It offers inspiration from the portfolios of landscaping professionals, insight into the latest trends and products on the market and provides readers with invaluable tips on what to expect when working with professionals, including everything from deciding the budget to who makes the tea.

www.dreamgardenmagazine.com

DREAM GARDEN

E**Earth Wrights**

Stand A43

Earth Wrights has been the pioneer in natural play design and build in the UK for over 30 years. From the very outset of a project, Earth Wrights will add value by working together with you and your client. It will translate the vision into a design for play experiences perfectly matched to the landscape and unique for your project. The team use only the best quality materials chosen for their sustainability and durability.

www.earthwrights.co.uk**eBay**

Stand C73

eBay is excited to speak to businesses across the landscaping and gardening market about the opportunities available through trading on the platform. English Woodlands offers a wide range of container grown and bareroot trees and shrubs along with a comprehensive range of tree planting sundries throughout the south-east corner of England. The company prides itself with offering a 'one-stop shop' for customers, offering advice and a sourcing service.

www.englishwoodlands.com**Europlants (UK) Ltd**

Stand F40

Europlants is proud to be the sole UK agent for Vannucci Piante, the largest and most respected specimen producer in Europe. From its 12-acre nursery in Hatfield it supplies both garden centre and amenity markets. Its extensive range is hard to beat.

www.europlants.net**Europlanters Ltd**

Stand D24

Europlanters is a leading manufacturer of GRP plant containers and street furniture. It has a large range of standard products but specialises in bespoke designs and works closely with architects, landscapers, garden designers and councils, to name but a few.

Its estimators are happy to provide a quotation for you, provide drawings and VE your projects.

www.europlanters.com**EverEdge**

Stand D51

EverEdge is a manufacturer and supplier of steel landscape edging materials and planters. With more than 20 years of experience and knowledge, EverEdge has developed an original and comprehensive range of products based on the needs of the industry, suiting virtually all aspects of landscaping requirements. EverEdge frequently carries out bespoke work, especially on raised beds, planters and podiums.

www.everedge.co.uk**Evergreen Exterior Services**

Stand B34

Evergreen Exterior Services is a wholesale nursery with its headquarters and main nursery located in Banstead in Surrey and a further branch located in New Covent Garden in London. It currently supplies more than 300 garden centres across the nation as well as supplying for landscapers, stately homes, private estates, sports facilities, businesses, local authorities and other wholesale nurseries.

It can independently source more than 12,000 plant varieties from its business links across the UK and Europe. It prides itself on its truly unique logistics and delivery procedures. Speed and precision are given to all of its orders.

www.evergreenext.co.uk**EverRoof®**

Stand B54

EverRoof® supplies and installs a range of artificial green roof systems – the only system meeting all fire safety and wind resistance classifications for flat roofing projects. An EverRoof® system safely provides water attenuation and an added insulation layer, saving energy and extending the roof's lifespan. EverRoof® has developed a trained installer network and encourages premier roofing and landscaping contractors to get in touch at the show or via the website.

www.everroof.co**Excavator Forklift**

Stand A83

Engineers at Excavator Forklift (EFL) have designed, tested, patented, CE marked and are now manufacturing a brand-new type of lifting attachment to fit mini-diggers from 0.8-3.5t.

Anyone who uses a mini-digger and occasionally needs to lift heavy pallets or bags can now take advantage of this clever, compact and economical technology. As a general rule, users can expect the attachment to lift (to lorry height) three times the load they can lift using the digger alone. Depending on the size of the excavator it is attached to, EFL's attachments can lift from 0.8-2.0t. EFL is the winner of the 'Product' category in the 2021 Invent competition.

www.excavatorforklift.com**F****First Lawn**

Stand K52

FirstLawn is one of the UK's leading developers, importers and distributors of top quality artificial grass for landscaping. At this year's FutureScape, the company ventures into the world of green wall panels, hedging mats, willow fences and all sorts of artificial plant vertical panels.

FirstLawn supplies trade customers only, servicing landscapers, garden centres, builder's merchants, timber stores and floorcovering retailers around the UK. The company's collection is stocked in great depth and includes the latest developments in artificial grass and artificial plant technology. The collection is available in a variety of qualities and colours.

www.firstlawn.co.uk

Forever Green Lawns FGL

Stand D33

Forever Green Lawns is one of the UK's leading suppliers and stockists of artificial grass and electric power brushes. It has many sizes to suit both trade and retail customers' needs, from just one square metre up to whatever your requirements may be. Most of its products can now be offered in one, two, three, four and five-metre widths. Now, with more than 15,000m² in stock, it hopes to fulfil its customers' requirements.

www.forevergreenlawns.co.uk

Fresh Horticultural Careers

Stand A72

Fresh Horticultural Careers is a leading specialist recruitment provider, and the first to offer a service dedicated solely to the horticulture and landscaping sector. It is working harder than ever to source candidates for you and to promote the industry as a whole.

As specialists, Fresh Horticultural Careers takes pride working in partnership with its clients. Fresh Horticultural Careers supports the industry at major events through sponsorship and promotion as well as visiting schools, colleges, and careers fairs to actively support horticulture as a positive and valid career choice in all its forms.

www.freshhortcareers.com

Furnitubes Café

Shopping outdoor spaces

As a designer and manufacturer of street furniture, Furnitubes thrives in the outdoors and it is on a mission to get more people outside, safely. Its products build communities, improve environments and keep people safe.

The Furnitubes' design team works in partnership with landscape architects, local authorities and contractors to design thoughtful street furniture that meets the needs of the communities and organisations they serve. The team actively seeks insight, feedback and trends for its new products and collaborates on bespoke projects. www.sailshadesdirect.co.uk**Silverland Stone**

Stand F25

Silverland Stone is a long-established hard landscape company supplying natural stone and concrete products on a national basis. It offers the widest range of natural stone products sourced from the UK and all around the world. As the largest importer of Indian natural stone paving, it provides unequalled choice and assurance of quality on an impressive range of sandstone, limestone, slate, granite and quartzite paving.

www.silverlandstone.co.uk**Strulch Ltd**

Stand K43

Strulch Ltd is a spin-out company from Leeds University where Dr Geoff Whiteley developed Strulch Garden Mulch – the straw mulch for organic gardening used both by domestic and professional gardeners. The patented process came from Geoff's research and experiments on the University farm. Strulch is made entirely from locally sourced materials and is manufactured in Oxfordshire using solar energy. Pallets of Strulch are sent all over the UK and to near Europe.

www.strulch.co.uk**T****Talasey Group**

Stand G70

Talasey Group, the UK's leading landscaping products and solutions supplier, renowned for its prestigious product brand Natural Paving. Over the years it has introduced more landscaping product brands into its portfolio, including Pavetuf Installation & Maintenance Products, Vitriplazza Porcelain Paving, Piranha Composite Decking, Baksteen Clay Pavers, Luxigraze Artificial Grass, Resiscape Resin Bound Aggregates and Dellaora Lighting Systems.

As a brand you can trust, the Talasey offering provides more than just products and solutions but also a network of supply chain partners.

www.talasey.co.uk**SUDwell™ The**

Resin Bonded Slab

Company – Eco Roofing

Stand C22

A manufacturer and supplier of lightweight slabs for roofs and podiums, SUDwell uses a combination of recycled materials and natural aggregates.

Its patented recycled slabs ensure a perfectly level surface with a fraction of the weight of traditional paving methods, with excellent drainage. Its eco-friendly slabs are fully porous and the free draining, high friction surface means they are ideal for rooftop walkway systems.

theresinbondedslabcompany.co.uk**SUDwell™ The**

Resin Bonded Slab

Company – Hard Landscaping

Stand K91

SUDwell manufactures and supplies eco-friendly and SuDS-compliant paving solutions, including its patented resin bound permeable paving slabs. The resin bound slabs are made with varying combinations of natural stone aggregate and recycled materials. SUDwell also supplies a range of resin bound aggregate kits to provide an easy to apply, modern and attractive paving solution.

theresinbondedslabcompany.co.uk**Taylor Made Planters Ltd**

Stand B56

Taylor Made Planters has over 100 years combined experience producing custom-made planters for both public and commercial customers. It can help right from the early design stages through to manufacture and supply.

It can supply an extensive range of commercial planters, residential planters, and street furniture to both the public and the commercial sector. Many of its products can also be supplied in bespoke shapes, sizes and colours if required.

www.taylormadepackers.co.uk

The Association of Professional Landscapers

Stand J52

The Association of Professional Landscapers (APL) comprises accredited landscape, design and professional gardening companies who build, design, and maintain gardens throughout the UK. Along with the initial inspection, each member has regular re-inspections to ensure they have up-to-date insurances, remain compliant with health and safety law and their quality of work is to the highest possible. www.landscaper.org.uk

The Landscaper's Circle

Stand C52

Tobermore

Stand F21

Founded in 1942, Tobermore has evolved from a modest sand and gravel company to become one of the leading suppliers of paving and walling products for the commercial and domestic markets throughout the UK and Ireland.

Tobermore remains family-owned and managed, driving forward with the same vision, determination and values on which it was founded. The company continues to grow sustainably, achieving a turnover of £56m last year and employing more than 400 people throughout the UK and Ireland. It's proud to be a trusted supplier, providing products for the nation's most prestigious schemes. www.tobermore.co.uk

The Easy Petrol Post Driver

Stand K35

The Easy Petrol Post Driver is designed to drive a peg, post or stake into the ground in a matter of seconds. It is extremely lightweight and portable, weighing just 15kg. The high impact hammer action of 1720 BPM is powered by the ultra-reliable and compact Honda GX35T four-stroke engine. The ergonomic design means that it is comfortable to move, helping to get the job done faster and with less effort than other manual methods. www.petrolpostdriver.com

The One Stop Resin Shop

Stand K23

The One Stop Resin Shop is literally the one-stop shop for all your resin bound requirements. It is a leading supplier of BBA-approved resins and proudly stocks the finest specialised kiln dried Grantex aggregates.

It can deliver directly to site on a next day delivery service or alternatively you can call and collect your order from its warehouse in Fareham, Hampshire. It is the only company that offers a rewards scheme with plenty of free gifts. www.theonestopresinshop.com

TreePlotter™ Software Suite

Stand C72

The TreePlotter™ Software Suite is the world's leading tree inventory and asset management software to map and manage your urban forest, offering the latest in web, mobile, and GIS technologies in urban parks, forestry, and arboriculture. The TreePlotter software platform also offers Development Survey, an add-on module based on BS5837, built specifically for consultants working on development sites. The TreePlotter software suite was created by PlanIT Geo™, an urban forestry software and consulting firm. www.planitgeo.com

The Garden Trellis Company

Stand K92

For over 25 years, The Garden Trellis Company has been manufacturing traditionally made garden joinery from its extensive workshop and design centre in Essex. For bespoke customers, it offers a site visit, free CAD design service and an installation service with a "clean site guarantee". The online store has a wide range of affordable and great value products, including classic trellis, fences, gates, screens, sheds and more, ready for delivery direct to the door. www.gardentrellis.co.uk

The Woodhorn Group

Stand K54

The Woodhorn Group manufactures a range of British Certified soils, including a BS:3882 multi-purpose and low fertility topsoil, and a BS:8601 subsoil. A range of bespoke rootzones is also available to suit specific needs.

Over 80,000t of local green waste is processed each year to create a high-quality, peat-free compost certified to PAS100 standard and approved by OF&G for use in organic systems. This is then used to produce over 35,000t of soil each year, supplying new projects across the south coast and further afield. www.woodhorngroup.co.uk

Trex® and Arbor Forest Products

Stand F70

Trex® is a leading composite decking brand which uses unique shell technology for advanced protection, making it a highly durable decking solution which won't rot, fade or stain and requires minimal maintenance. Its boards, which are manufactured using up to 95% recycled materials, are capped on three sides with a solid core to enable peak performance and are as easy to install as they are to maintain.

Arbor Forest Products is the UK's sole distributor of Trex composite decking through its decking division, Arbordeck. The UK's leading independent timber importer and processor, Arbor Forest Products operates from its 90-acre site in North Lincolnshire. www.arborforestproducts.co.uk

The Green Roof Organisation

Stand C21

The Green Roof Organisation (GRO) represents companies, organisations and people involved in or interested in nature-based roof solutions that help our towns and cities mitigate and adapt to the effects of climate change whilst making them nicer, healthier places to live. www.greenrooforganisation.org

TigerTurf

Stand F100

TigerTurf manufactures and installs high quality products for a range of sports, leisure and landscape applications. Tuda Grass

Stand J31

Tuda Grass is a leading artificial grass and composite decking supplier within the UK. Being a family-run business, it understands how important service is. That's why it offers a free next day delivery service nationwide, using its own transport network and eliminating the courier issues we all know and hate. Tuda Grass also offers a free sampling service and has very competitive prices on its large range of products, ensuring it has something for all budgets and tastes.

www.tudagrass.co.uk**Vectorworks, Inc**

Stand I94

Vectorworks, Inc. is an award-winning design and BIM software provider serving the architecture, landscape architecture and entertainment industries in 85 countries.

Creating intuitive software since 1985, it has become the preeminent software built to manage the entire design process.

Globally, more than 685,000 users are actively creating, connecting and influencing the next generation of design with Vectorworks on Mac and Windows.

www.vectorworks.net**Westminster Stone**

Stand K45

Westminster Stone produces beautiful paving and flooring to transform residential, commercial and retail projects and invite trade professionals to partner with it. Westminster Stone is renowned for its ranges of traditional handmade flagstones and tiles which are sought after for period properties, restoration projects and designs that seek a traditional 'aged' effect.

Westminster Stone holds the coveted licence to produce paving for the National Trust which includes its bestselling Hidcote and Petworth flagstones. Alongside this, it has established a thriving natural stone and porcelain compendium and acts as a retailer for many of the industry's leading brands.

www.westminsterstone.com**U****Ureka**

Stand Z21

For more than 40 years, Ureka's innovative approach and products have been solving adhesive problems for companies, big and small. Many of its adhesive systems cure in damp conditions, so your plans for that grass installation job won't come unstuck, whatever the weather. Its adhesives, tapes and tools are the smart, easy way to get the job done faster and safely, all thanks to their ergonomic application and Ureka's knack for solving sticky problems. Which, in turn, saves you time and money.

www.thenamethatsticks.com**VertEdge**

Stand D32

VertEdge is a new revolutionary artificial grass edging system, designed to provide a neat 100% adhered, secure perimeter finish, outperforming any other product or method on the market today.

www.vertedge.com**W****Westermann Weed and Moss Brushes**

Stand K32

The Westermann range of machines will clear moss, weeds, and debris from hard surfaces. The collection offers both pedestrian and ride-on machines, with interchangeable heads and brushes for all machines.

Since the launch of the Westermann range in the UK the demand for the chemical-free weed and moss brushes has skyrocketed. With many harsh chemicals already banned across Europe it won't be long until these are imposed here in the UK. Additionally, when pressure washing, the gallons of water required to remove the moss and debris is messy and problematic.

This is where the Westermann takes the lead. The next generation alternative, powered by an energy efficient Honda engine, offers the same quality finish, without the use of chemicals or water.

www.spapowermachinery.com/collections/weed-moss-brushes**Wildflower Turf Ltd**

Stand I53

Wildflower Turf is recognised as the leading organisation in the UK for those seeking knowledge or products to develop wildflower spaces.

Founded in 2003, Wildflower Turf Ltd pioneered a soil-less growing system which has transformed the reliability of establishing wildflower meadows. The company has a range of Wildflower Turf products to create and enhance a low maintenance, biodiverse and beautiful meadow.

www.wildflowerturf.co.uk**Z****Van den Berk Nurseries**

Stand J32

Van den Berk Nurseries specialises in medium to very large sized trees, shrubs and rhododendrons. With around 450ha and more than 1,600 species and cultivars, it is one of the largest nurseries in Europe. Van den Berk Nurseries works closely with landscape architects, contractors, project developers, greenery managers, garden designers and gardeners to complete the most successful greenery projects.

www.vdberk.co.uk**ZinCo Green Roof Systems Ltd**

Stand D31

ZinCo designs, manufactures and distributes a wide variety of systems for green roofs and landscaped podium decks. Amongst the new products on show are the Robafix Tree Anchoring System, specifically designed for use on green roofs and used to full effect at the recent 'Forest for Change' exhibit where 400 trees were installed at Somerset house.

Also new on show this year is the new Elefeet Adjustable Pedestals and Rail System. The E-type Elefeet can be used with or without ZinCo's rail system and an innovative shaped base allows placement next to upstands. If a rail system is needed, just clip the rail into the Elefeet.
